Joelle,

I spoke with Karen Melfi of Summo USA Corp. this morning (303) 861-5400 regarding the reclamation contract & surety bond. I told her the MR-RC lists Van American, but the surety bond lists United States Fidelity & Guaranty Company. Karen explained that Van American was the surety broker and the surety underwriter was United States Fidelity and Guaranty. She mentioned that Van American has been a surety broker for other mining operations. She agreed to allow the Division to change page 2 of 8 of the MR-RC form to omit the Van American name and replace it with United States Fidelity & Guaranty Company and the surety bond account number.

Karen provided a phone number and contact with Van American for future reference. This information is for Van American's Lexington Kentucky office, President Jim Godfrey & his assistant Michael Williams, phone (606) 225-1010.

PLEASE SEND A COPY OF THIS TO FILE M/037/088.
